CHAPTER : VI

SAFETY

61. Safety of building and machinery

- (1) If it appears to the Inspector that any building or part of a building or any part of the ways, machinery or plant in an establishment is in such a conditions that it is dangerous to human life or safety, he may serve on the employer of the establishment an order in writing specifying the measures which, in his opinion, should be adopted, and requiring them to be carried out before a specified date.
- (2) If it appears to the Inspector that the use of any building or part of a building or of any part of the ways, machinery or plant in the establishment involves imminent danger to human life or safety, he may serve on the employer of the establishment an order in writing prohibiting its use until it has been properly repaired or altered.

62. Precaution in case of fire

- (1) Every establishment shall be provided with at least one alternative connection stairway with each floor and such means of escape in case of fire and firefighting apparatus, as may be prescribed by rules.
- (2) If it appears to the inspector that any establishment is not provided with the means of escape prescribed under sub-section (1) he may serve on the employer of the establishment an order in writing specifying the measures which in his opinion, should be adopted before a date specified in the order.
- (3) In every establishment the doors affording exit from any room shall not be locked or fastened so that they can be easily and immediately opened from inside while any person is within the room and all such doors, unless they are of the sliding type, shall be constructed to open outwards or where the door is between two rooms, and all such doors, unless they are of the sliding type, shall be constructed to open outwards or where the door is between two rooms, in the direction of the nearest exit from the building and no such door shall be locked or obstructed while work is being carried on in the room.
- (4) In every establishment every window, or other exit affording means of escape in case of fire, other than the means of exit in ordinary use, shall be distinctively marked in Bangla and in red letters of adequate size or by some other effective and clearly understood sign.
- (5) In every establishment every window, door, or other exit affording means of escape in case of fire to every person employed therein.
- (6) A free passage-way giving access to each means of escape in case of fire shall be maintained for the use of all workers in every room of the establishment.
- (7) In every establishment wherein more than ten workers are ordinarily employed in any place above the ground floor, or explosive or highly inflammable materials are used or stored, effective measures shall be taken to ensure that all the workers are familiar with the means of escape in case of fire and have been adequately trained in the routine to be followed in such case.
- (8) In factories wherein fifty or more workers and employees are employed shall arrange at least once in a year a mock fire-fighting and the employer shall maintain a book of records in this regards.

3. Kvi Lvbwj mbi cÉv/Kgc t qY mgn Ges ` NObvq Kvi wK ` vq?

Bangladesh Labour Act, 2006

86. Information about dangerous building and machinery

- (1) Where any worker finds that any machinery or building used by the workers in any establishment in which he is employed is in such a dangerous condition that it is likely to cause physical injury to any worker at any time he shall inform the employer of it in writing immediately after it has come to his notice.
- (2) if the employer fails to take appropriate action on such information within three days and any injury is caused to any worker because of the use of such equipment, machinery or building, he shall be liable to pay compensation to the worker injured at a rate which may be double the rate of compensation payable for such injury under chapter XII.

CHAPTER : XII

WORKMEN'S COMPENSATION FOR INJURY BY ACCIDENT

150. Employer's Liability for compensation

- (1) If personal injury is caused to a worker by accident arising out of and in the course of his employment, his employer shall be liable to pay compensation in accordance with the provisions of this chapter.

151. Amount of compensation

- (1) Subject to the provisions of this chapter the amount of compensation shall be as follows, namely:
 - (a) where death results from the injury, a worker in receipt of monthly wages falling within limits shown in the third column of the Fifth Schedule the amount shown against such limit thereof;
 - (b) where permanent total disablement results from the injury- (i) in the case of an adult limits shown in Fifth Schedule the amount shown against such limits in the third column thereof; and (ii) in the case of a minor- taka ten thousand; (c) where permanent partial disablement results from the injury- (i) in the case of an injury specified in the first schedule, such percentage of the compensation which would have been payable in the case of permanent total disablement as is specified therein as being the percentage of the loss of earning capacity caused by that injury; (ii) in the case of an injury not specified in the first schedule, such percentage of the compensation payable in the case of permanent total disablement as is proportionate to the loss of earning capacity permanently caused by the injury; and (d) where temporary disablement, whether total or partial, results from the injury, a monthly payment payable on the first day of the month following the month in which it is due after the expiry of a waiting period of four days disablement or during a period as specified in the last column of the fifth schedule; whichever period is shorter. (2) Where more injuries than one are caused by the same accident, the amount of compensation payable under sub-section (1), (c) shall be aggregated but not so in any case as to exceed the amount which would have been payable if permanent total disablement had resulted from the injuries. (3) On the ceasing of the disablement before the date on which any monthly payment falls due, there shall be payable in respect of that month a sum proportionate to the duration of the disablement in that month.

The Fatal Accidents Act, 1855 (Act No. XIII of 1855)

Suit for compensation to the family of a person for loss occasioned to it by his death by actionable wrong

- Whenever the death of a person shall be caused by wrongful act, neglect or default, and the act, neglect or default is such as would (if death had not ensued) have entitled the party injured to maintain an action and recover damages in respect thereof, the party who would have been liable if death had not ensued shall be liable to an action or suit for damages, notwithstanding the death of the person injured, and although the death shall have been caused under such circumstances as amount in law to felony or other crime.

Every such action or suit shall be for the benefit of the wife, husband, parent and child, if any, of the person whose death shall have been so caused, and shall be brought by and in the name of the executor, administrator or representative of the person deceased;

and in every such action the Court may give such damages as it may think proportioned to the loss resulting from such death to the parties respectively, for whom and for whose benefit such action shall be brought; and the amount so recovered, after deducting all costs and expenses, including the costs not recovered from the defendant, shall be divided amongst the before mentioned parties, or any of them, in such shares as the Court by its judgment or decree shall direct.
